

Prentice Hall EssayScorer Powered by WriteToLearn™

Account Activation Information

Congratulations on your purchase of Prentice Hall Literature!

We are pleased to inform you that with your purchase, students have access to Prentice Hall EssayScorer—an interactive web-based program that offers essay writing activities with instant feedback and scoring—absolutely FREE! This innovative teaching tool is available for Grades 6-12 and when used for both instruction and assessment, it provides students immediate, targeted feedback to improve their writing skills.

To get started with Prentice Hall EssayScorer, please read below.

ACCOUNT ADMINISTRATORS

Each site requires an Account Administrator. Most often, the Account Administrator is a Technology Coordinator, Department Chair, or Curriculum Coordinator – anyone comfortable with using a technology program.

The Administrator is responsible for the following tasks:

1. Activating the account for each site or sites.
2. Setting up teachers at the site who will be using Prentice Hall EssayScorer.
3. Forwarding teacher login and account information to each teacher once their account is created.
4. Uploading the school roster so teachers can create their classes. The roster can be uploaded from an Excel file and/or students can be manually entered.
5. Resetting all licenses and purging all data at the end of the school year so the licenses can be used again the following school year.

If you are the Account Administrator for your site and you are ready to activate Prentice Hall EssayScorer, please send an email to EssayScorer@pearson.com with the following information: (1) Your Name, (2) Your Position/Title, (3) School and District Name, (4) Your Phone Number, and (5) Number of Licenses Allotted to Your School (this number will equal the number of Prentice Hall Literature Student Editions your school purchased).

We will respond to your message with a phone call, so please be sure to include your extension (if applicable) and the best time to reach you. Questions or additional information on Prentice Hall EssayScorer can also be directed to EssayScorer@pearson.com.

TEACHERS

If you are a teacher, you will receive your login and access information from your site's Account Administrator. If you have already received that information, then you can begin using Prentice Hall EssayScorer immediately! It is recommended that you bookmark the URL you received from your Account Administrator for easy access to the program.

If you have not heard from your Account Administrator, and you are unsure who this individual might be, the Account Administrator is, in most cases, a Technology Coordinator, a Department Chair or Curriculum Coordinator.
