- Homework, quizzes, and tests that contain defined answers are automatically graded in SuccessNet Plus. Question types with defined answers include multiple choice, true/false, and fill in the blank. Grades for these assignments automatically appear in Gradebook after students submit assignments for grading.
- The dashed lines mean that the activity has not been started or submitted.

- Over the course of the school year, Gradebook expands in width. At the bottom of the page, a horizontal scroll bar appears that provides a view all assignment columns.
- Use the Advanced Filters to display specific types of assignments.
- Use the search feature to view grades for an individual student or a group of students.
- Use the drop-down lists to display specific assignments or sort the columns by course order, alphabetically, or by due date. Click **View** after making a selection.
