

New York Integrated Algebra Guide

New York Integrated Algebra Exam Brief Review

This resource helps to prepare students for the New York Regents Exam. It gives sample questions in the subject areas and format that the students will see on the actual examination. The review also helps students learn and practice creating acceptable responses to the questions they will have on the exam.

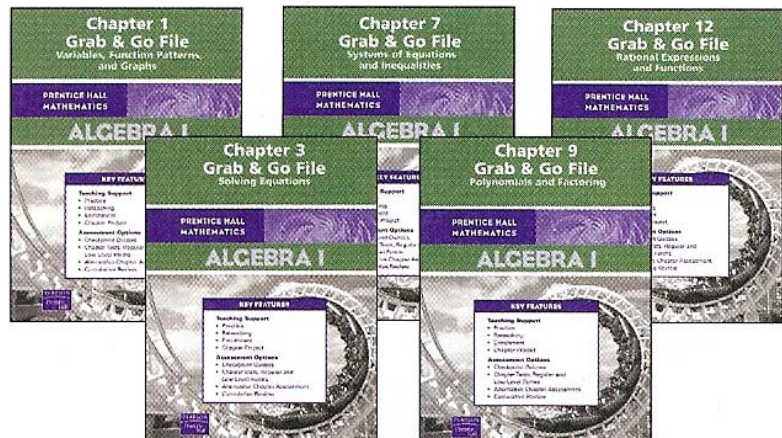

Teaching Resources

Grab & Go Chapter Support Files

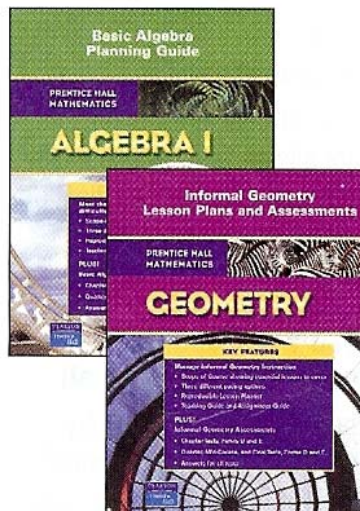

The Grab and Go Chapter Support Files are organized by chapter for easy use. They provide the following:

- Practice
- Reteaching
- Enrichment
- Chapter Project
- Checkpoint quizzes
- Chapter Tests – regular and adapted for below levels
- Alternative Assessments
- Cumulative Reviews
- Solution Key

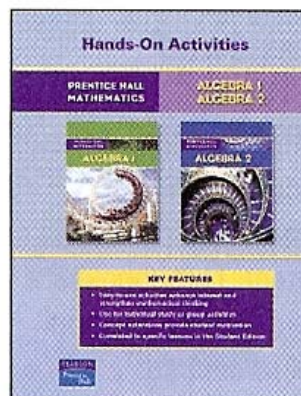

Basic Algebra Planning Guide

The Basic Algebra Planning Guide allows you use your regular text in your classes that need special help and pacing so you can reach all students with one program. (A similar guide is available for Informal Geometry.)

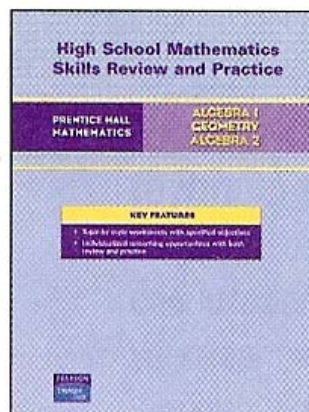

Hands-On Activities

These provide a wealth of activities which allow you to present mathematical concepts concretely using manipulatives or everyday items.

High School Mathematics Skills Review and Practice Masters

A comprehensive, easy-to-use resource which provides remediation, one skill at a time, for students needing another opportunity for review and practice.

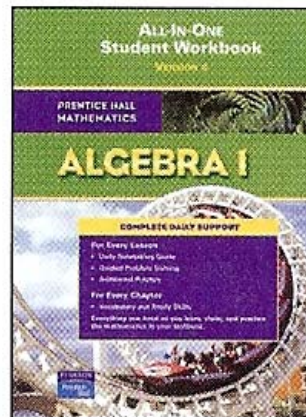

Student Workbooks

All-In-One Student Workbook

This resource provides all the support your students need—in one convenient workbook! The following are included:

- **Daily Notetaking Guide** – Provides the structure your students need to take effective notes as you teach. Student notes make a great study guide for quizzes and tests.
- **Practice** – Provides additional practice for every lesson.
- **Guided Problem Solving** – Helps students master word problems by providing step-by-step guidance for a selected problem from every lesson.
- **Vocabulary & Study Skills** – Focus on key mathematical vocabulary and specific support on study skills so every student can be successful.

All-In-One Student Workbook Adapted Version for Special Needs

This is a unique adapted version of the Student Workbook with resources developed specifically for your struggling and special needs students. The following resources are included:

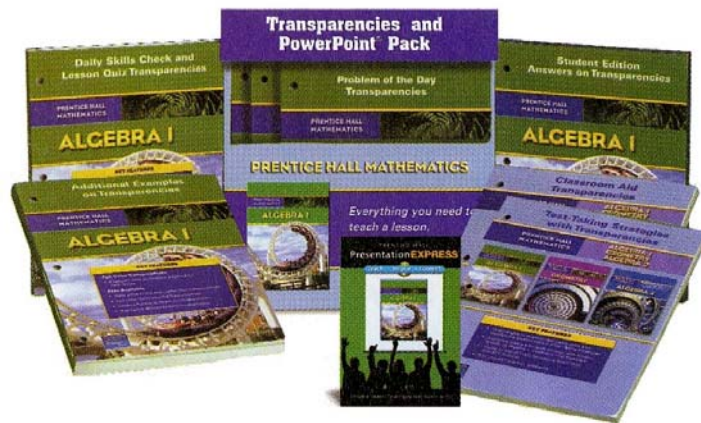

- Adapted Daily Notetaking
- Adapted Practice
- Guided Problem Solving
- Vocabulary & Study Skills

Teaching Tools

Transparency and PowerPoint® Pack

This comprehensive transparency package provides everything you need to teach a lesson from beginning to end including:

- Additional Examples on Transparencies
- Classroom Aid Transparencies – They bring concepts to life! Included are transparencies with overlays and moveable parts.
- Student Edition Answers on Transparencies
- Daily Skills Check and Lesson Quiz Transparencies

PresentationEXPRESS™ CD-ROM

This innovative component of the Transparency and PowerPoint® Pack provides complete teaching support including:

- All transparencies in PowerPoint® format, making it easier for you to teach and to customize based on your teaching preferences.
- QuickTake™ assessments are embedded in every lesson, allowing teachers to quickly and easily monitor student progress. Use eInstruction's "clickers" to assess instantly.

TeacherEXPRESS™ CD-ROM

This program is powered by LessonView®, lesson planning software, an Interactive Teacher's Edition, correlations to state and local standards, instructional tools, plus professional development to help you plan, teach and access.

Worksheets Online

All worksheets are provided online. This is one more way to make your planning and assignment management easier. These resources are available online at the Worksheet Center at www.pearsonsuccessnet.com.

Assessment and Test Preparation

ExamView™

ExamView™ Assessment Suite CD-ROM is the most powerful test generator available with the most comprehensive test banks.

- Create and modify custom made tests with ease.
- Use multi-column test formatting (this is important to Math)
- Differentiate assessments easily by using the Adapted Test Bank Items created for special needs students.
- Add math images to questions by accessing the Math Art Gallery.
- Instantly translate any test into Spanish.

Progress Monitoring Assessments

These assessments provide everything you need to evaluate student understanding, monitor progress, and inform future instruction.

Test Preparation Workbook

This resource helps to prepare your students for high-stakes exams with complete practice tests and test-taking strategies for national tests.

Intervention & Remediation

SuccessTracker™ Online

SuccessTracker™ Online provides personal intervention for each student.

- **Assess**—Students take Diagnostic Tests or Benchmark Tests online.
- **Diagnose**—Based on assessment results, each student automatically receives an assignment for any skills that have not been mastered.
- **Remediate**—Personalized assignments include video, tutorials, audio, games, and worksheets.
- **Report**—Color-coded reports make it easy for teachers to monitor progress.

Student Technology

StudentEXPRESS™ CD-ROM

A suite of learning tools to help students study, learn and succeed in class. An interactive textbook with instructional videos, built-in activities, vocabulary support, and instant feedback assessments make this the most powerful student study tool available. Interactive textbook also available online.

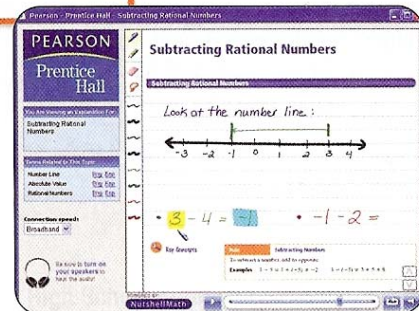

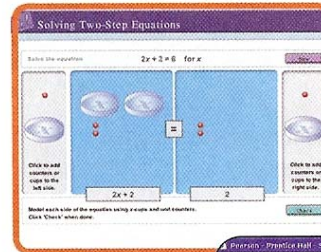

Online Active Math

Built-in interactive explorations are available through StudentEXPRESS™ CD-ROM or through your account at www.pearsonsuccess.net.com.

Homework Video Tutors

Students can follow along as real teachers walk through every lesson! These are available on StudentEXPRESS™ and online at www.PhSchool.com.

MindPoint™ Quiz Show CD-Rom

This creative product, also found in your StudentExpress™ CD-ROM, allows you to give the entire class a fun, end-of-chapter review game. Separate question banks are included per chapter.

Online Support

Online support provides built-in interactive exploration. Go to PearsonSchool.com for your online support.

Go Online

PearsonSchool.com ◀ Online support for *Prentice Hall Mathematics*

Web Codes within the textbook provide access to:

- Homework Video Tutor ate-0775

Texas Instruments

Teaching with TI Technology

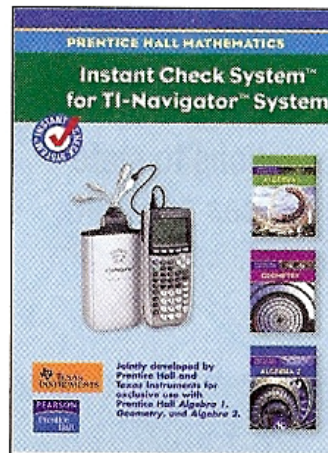

Prentice Hall and Texas Instruments worked together to produce support for using Texas Instruments technology with your Prentice Hall textbook. For more information, visit www.PHSchool.com/TexasInstruments.

This is an activity booklet and CD-ROM was co-developed by Prentice Hall and Texas Instruments to effectively incorporate TI technology into your math classroom. It contains instructional activities, StudyCards™, and data lists.

Instant Check System™ for TI-Navigator™ System CD-ROM

This product was developed for use with the TI-Navigator System. The CD contains built-in assessment from your Prentice Hall textbook in a format that can be used with the Navigator System.

Spanish Resources

Spanish Practice Workbook

This book provides extra practice for every lesson

Spanish Vocabulary and Study Skills Masters

These focus on key mathematical vocabulary and specific support on study skills so that every student can be successful.

Spanish Assessment Resources

Spanish translations of all the Checkpoint Quizzes, Chapter Tests, and Cumulative Assessments. This resource also included Alternative Assessment in Spanish.

Skills Intervention Kit available both in English and Spanish

This innovative kit provides diagnostic and prescriptive tools to help struggling learners.

Spanish Study Guide

A complete Spanish translation of the Student Edition's core instruction, providing support for every lesson.
