Success Tracker – for more information on
Success Tracker, please visit
www.mypearsontraining.com. Hover your mouse
over “In Service On Demand” and select “Secondary”
from the menu that appears. Once you are in the
training library, select “Mathematics” and then select
the specific course that you use. This will open up a
menu of pre-recorded trainings. The bottom left
hand corner has information on Success Tracker.
This is a great place to help you get started! Be sure
to download the printable pdfs that are available.
